Skills

- Mobile: iOS/Swift, Android/Java, PhoneGap(Cordova), Xamarin
- Microsoft: C#, ASP.NET MVC, WinForm, SQL Server, IIS
- SAP: ABAP, WebDynpro, SAP GUI, Entry Page, BOBJ Dashboard
- Web & Others: HTML5, javascript, jQuery, Bootstrap, SQL

Experience

- | | | |
|---|--|-----------------------------|
| <i>Senior Developer(On-Campus)</i> | <i>DePaul University</i> | <i>Sep 2014 – Present</i> |
| <ul style="list-style-type: none">• Provided professional suggestions on cross-platform mobile development to technical director by evaluating the hybrid mobile development tools of PhoneGap and Xamarin.• Quickly built 3 prototypes to analyze pros and cons of each solution for the above cross-platform investigation.• Finished the requirement and design document for an online video web application within 2 weeks.• Proved the design ideas by creating a prototype with knockout, ASP.NET Web API and EntityFramework. | | |
| <i>Senior Developer/Architect</i> | <i>SAP Labs China</i> | <i>Oct 2009 – Aug 2014</i> |
| <ul style="list-style-type: none">• Led team(8 members) to finish development for China localization of SAP GTS, project ran in lean/scrum model.• Collected requirements and finalized designs by negotiating with customers, partners and product owner.• Created a new web portal for GTS Customs Management with SAP Entry Page.• Released more than 60 notes for bugs fixing and function enhancement of GTS SPL.• Independently developed a complicate SAP Process Control dashboard(contains 8 charts) with BOBJ Xcelsius. | | |
| <i>Senior Software Engineer</i> | <i>Infosys Technologies China</i> | <i>Nov 2007 – Sep 2009</i> |
| <ul style="list-style-type: none">• Developed modules in Microsoft MSSolve project which is run in scrum model with WPF & WCF.• Led team(3 members) to develop a newsletter subscription web application with ASP.NET, finished all development and testing tasks three weeks earlier than planned.• Smoothly took over tough maintenance tasks from India colleagues of Syngenta support team within 2 months. | | |
| <i>Software Engineer</i> | <i>Amano Software Engineering Co., Ltd</i> | <i>Oct 2006 – Nov 2007</i> |
| <ul style="list-style-type: none">• Improved quality and performance of Amano Attendance System by refining the .NET source codes.• Investigated and solved the compatible issues in the new environment (OS, Web Browser, .NET Framework etc.). | | |
| <i>Software Engineer</i> | <i>HuaZhong Computer Software Engineering Co., Ltd</i> | <i>July 2004 – Jul 2006</i> |
| <ul style="list-style-type: none">• Worked on the most complex module(a screen with 8 tab pages, about 400 controls and 28,000 lines code) of a windows desktop application, refactored it from VB6.0 to C#.• Participated in several out-sourcing projects by using ASP, javascript, VBscript, C#, Java and created high-performance reports with PL/SQL and ActiveReport. | | |

Education

- | | |
|---|----------------------|
| M.S: Computer Science (Full Scholarship)
DePaul University - Chicago, IL, US
GPA: 3.9 | Sep 2014 – June 2016 |
| B.S: Computer Science and Technology
East China University of Science & Technology - Shanghai, China
GPA: 3.5 | Sep 2000 – June 2004 |
